//education

University of Washington – Class of 2018
Bachelor of Design – Interaction Design

Stanford University – 2012
*Attended the summer quarter.
Completed two college courses;
Technology entre preneurship
Introduction to engineering analysis.*

//design intiatives

ThruHealth (Seattle, WA) – 2015–2016
*Helped the team with their web
platform design.
Redesigned their main website and also did
front-end development.*

The Daily – 2015–2016
*Designed several advertisements, for the
schools local newspaper, according to the
clients needs.*

Interaction Design – 2014–2016
*Designed websites at hackathons
and for smaller businesses or teams.
I also did front-end development.*

Graphic Design – 2014–2016
*Designed many posters, logos, leaflets,
book cover, etc. for various clients.*

Industrial Design – 2011–2014
*Designed and made a chair, stools,
desk-top tidy and a prop car.*

//work experience

Anedya Foods (Surat, India) – 2016
*Worked on a new startup; focusing on new
consumer freeze-dried products. I was heavily
involved with the company systems, design of
the products, working with processing and
completely designed and built the company
website from scratch. The experience taught
me a lot about business.*

Rickshaw Driver (India) – 2016
*Drove an auto-rickshaw for close to
2500miles (4000kms) across India.
Also, raised money for two charities.*

Shree Ganesh (Surat, India) – 2013
*Spent the summer learning about the
factory systems and their efficiency.
(Plastic manufacturing)*

//leadership

StartupUW – 2015–2016
*Member of the executive team of a
club focused on entrepreneurship.
In charge of all design.*

Pixel Husky – 2015
*Member of the executive team as
a design evangelist.
Design club on campus at UW.*
